Horticulture Gardens

MICHIGAN STATE  
UNIVERSITY

## Plan an event long remembered

Nestled within the beautiful campus of Michigan State University is a garden wonderland. Developed and nurtured by horticulturists in the MSU Department of Horticulture, this public garden is home to colorful displays of annuals and perennials. You may choose from several different sites within the garden to host your private event. Parking is included and is conveniently located for your guests.

South Garden Anniversary Plaza

Times slots are flexible. Prices for venues range from \$295-\$1195, depending on site, day, and time. The site and type of event will determine how many guests you may invite, ranging from 50 to 250. Please call for more specific rate information and date availability. The outdoor event season is from May 1 to October 1.

North Garden Gazebo

## Weddings

Choose a romantic setting to recite your vows, surrounded by fragrant garden roses. The Anniversary Plaza is our most popular wedding ceremony site. Afterwards, entertain your guests with a catered affair, and dine under the light of our heritage lamp posts.

Conservatory Plaza

## Banquets

Treat your customers or friends to an event unlike any others. Choose the hexagon shaped Conservatory Plaza, with views of the annual gardens for that next business lunch, bridal shower, or rehearsal dinner. (Hexagon tent not included in price.)

4-H Children's Garden

## Children's Parties

Our 4-H Children's Garden is a kid's horticultural playground. Take your birthday party to a place that is both fun and educational.

## Exhibits and Fundraisers

Our facilities can accommodate both indoor and outdoor displays, providing a colorful floral background. Draw your donors or organization members out to your event with the promise of a leisurely stroll down a brick path and the scent of fresh lavender.
