

Financial Aid Information for Professional Internship Program (HRT 493 - 3 Credits)

Students who wish to receive full-time **FEDERAL** financial aid for summer semester **must** be registered for at least 6 credits to be considered full-time students. This requires enrollment in HRT 493, plus three credits of other courses. (Maximum enrollment in HRT 493 is 3 credits per term.)

However, enrollment in HRT 493 can be considered full-time for **MSU** financial aid programs such as Spartan Advantage. In order to receive MSU aid as a full-time student, the Registrar must manually change your status to full-time. This requires that a memo is sent from our Department Chair to the MSU Registrar's office. This memo will include your name and student number and a statement confirming that 3 credits of HRT 493 require a full-time commitment for the full summer term.

Students who wish to be considered full time while on internship should request this assistance from Susan Gruber before being enrolled for internship credits. This is *entirely the student's responsibility* and will not be done unless it is requested in writing (by paper or e-mail) before May 1st.
