To: Marcus Duck <duckmarc@msu.edu>

We are looking for a student(s) to work in a home garden in Okemos. The work would involve weeding, planting and mulching around an ornamental pond and other gardens at our home, which is located about 4-5 miles from campus. There is bus service to within about ½ mile of the house, or we can provide transportation if necessary. Hours and wages are negotiable.

Contact: Susan Conrad (conrad@msu.edu, 517-884-5326 (days), 517-349-3546 (evenings)).

Susan Conrad
Professor of Microbiology and Molecular Genetics
