Hello All,

The MSU Center for Service-Learning and Civic Engagement (CSLCE) is proud to be a partner with Michigan Cool Cities/MSHDA, <http://www.coolcities.com>, the University of Michigan-Ann Arbor and Wayne State University in designing and implementing the Cool Cities Summer Internship Project, a Community and Civic Engagement initiative. - For the second year, students from UM, WSU and MSU will be selected to serve in a range of paid summer opportunities in Cool Cities communities statewide.

Please share the announcement below with your students as you find appropriate:

Engage this summer as a Michigan Cool Cities, <http://www.coolcities.com>, intern! Work to help revitalize Michigan neighborhoods and communities! -- Michigan cities, large and small, across the state are seeking MSU students to assist with a range of efforts. Opportunities exist for students from a variety of academic majors. Each civic or community engagement position is unique and focuses on a specific, community-identified need. Examples include:

- municipal business strategies/planning,
  - marketing and event planning,
  - web and database development,
  - devising talent retention strategies,
  - implementing arts and cultural initiatives and developing educational programs,
  - urban planning projects,
  - developing and editing city project operations manuals,
  - planning historic preservation efforts,
- and more!

Each student intern will serve in his/her Cool Cities community-based engagement opportunity from June 1 - August 5, for 30 hours per week. A generous stipend is provided. - Information regarding the stipend is provided in the Cool Cities Position Descriptions posted for MSU students through MSU Center for Service-Learning and Civic Engagement (CSLCE) website, <http://www.servicelearning.msu.edu/>. Students will be employed for the summer through the MSU CSLCE.

Find out more about these paid MSU Cool Cities summer opportunities by visiting <http://www.servicelearning.msu.edu/> - follow the link, "MSU Cool Cities Internship Opportunities", 'log in' to the CSLCE database, and choose "Cool Cities" under programs.

Once you have found a position for which you are qualified, combined with a city/location of interest, click-on "Submit" to register your intention to apply. Then, to complete your application, follow the directions for sending your resume and cover letter.

- No phone calls please! - Please do not reply to the sender!

Your prompt attention is advantageous. Several positions close on March 17.

Michigan State University is an equal-opportunity employer.
