Internship

When interning at Hoffie Nursery, Inc./GET Group, Inc. we try to introduce you to all facets of a wholesale perennial nursery. You will spend time in these areas:

Propagation
Production
Shipping
Sales

The majority of time will be spent in the propagation and production areas.

While in the production department, the intern will be responsible for growing a variety of perennial, herb, groundcover, native, summer and fall variety crops from start to finish. Duties may include irrigation, spacing, pruning, fertilization, weed control and pest management tasks. The intern will be trained on correct timing and procedures for each of the tasks.

Duration of the internship will be determined by the needs and availability of the intern and requirements of their education.

Hoffie Nursery, Inc./GET Group, Inc. does not provide housing but may be able to assist in locating housing in the nearby communities. The intern will need their own transportation.
