Hi Marcus,

One of my colleagues in the Spanish Dept. is looking for someone to come over and help her get her gardens ready for spring. The site is pretty extensive - "parkland" would be a better way to describe it, with several different beds covering about an acre. Could you please send out a notice to the hort students? Here is her contact information:

Thanks,
Doug

Dear Doug,

In preparation for our garden/yard plans for the year, we need a lot of work to be done now in the garden (cleaning, cutting dead plants, etc..). Do you know anybody who could do this work right now and help us later with keeping up with chores in the yard? I am thinking of someone who could work at least twice a week starting now. Please, give me some ideas.

Elvira
