Homeowner Job Opening:

Wanted: Student to plan landscape design and possibly provide labor. Please call to discuss future plans and your fee.

You would have a blank slate to work with. We recently finished remodeling our house but now it's in need of some landscaping. It's a small house but could make for a great piece to include in a portfolio. We are located just south of Charlotte, east of Olivet (about 35 miles southwest of Lansing). We're mostly looking for ideas around the house, but we own a two acre parcel so we may be interested in adding some small gardens in other areas of the property as well.

Please contact Jenifer at (517) 775-9333
