Construction Project Manager

SINCE 1919 . . .

Lambert Landscape Company has set an industry standard in the design, installation & maintenance of fine gardens. As a leader for 90 years, Lambert's is among the most prestigious of progressive landscape firms. With a focus on design, development, & comprehensive management of residential gardens, we are committed to meeting the landscape challenges of today with sensitivity to the client & the environment through proven organic methods and sustainable techniques.

Lambert's is seeking a Construction Project Manager to help implement in-house residential design projects. If you are a candidate with 10 years experience in high-end residential, strong in construction management & customer service and would like to join our amazing team this is your opportunity. The sophisticated clients of Lambert's demand the full attention of a professional manager to attend to every detail of their fine gardens. The projects we work on are exciting, elegant, & will test your abilities.

Ideal candidate will be well versed in construction documents & technical detail implementation, scheduling, & landscape construction, both softscape & hardscape, i.e., pool, fountain, & spa construction. Skills should include estimating, project management, computer literacy, & knowledge of zone 7/8 plant materials, cut stone, & safety administration. Multiple jobs scheduling with a firm hand on budgets is expected.

Please send digital resumes only to:
