My name is Shannon Buckley and my husband and I built on my husbands family farm 8 years ago. We have about 2 acres and would like some landscaping help. We plan to live here through retirement and would incorporate more of a low maintenance natural habitat. If you have students who would like to do some work and/or throw some designs out there for a longer term plan, I would like to talk with them. We live in Owosso if that helps in finding the right student. Please let me know the cost/methodology for obtaining this sort of work.

Thanks!
Shannon Buckley
