

Landscape Foreman

-Duties include installation of plant material, brick pavers, flagstone, retaining walls, etc... as well as managing crew, materials, and time.

-Looking for a self-motivated, energetic individual to fill a position that potentially could lead into further advancement. We are a small and elite firm located on West Michigan's beautiful lakeshore specializing in mid to upper end residential installation. Looking for someone who can play a part of helping a budding company bloom into the local spotlight.

-Full time position

Good pay based on experience and production
