

Production Manager Commercial Landscape Maintenance

Thank you for your interest in joining Stay Green, a Southern California company with 40 years of experience. Customer Satisfaction is, and has always been, our #1 Goal!

Stay Green is seeking a highly organized, motivated and responsible individual to supervise, train and work with landscape crews. The Production Manager will direct the activities of assigned crews to ensure safety, exceed customer service and quality standards, while adhering to the operating budget. Additionally, the Production Manager will work in coordination with all other Stay Green departments to successfully achieve common operational goals.

Ideal candidate will have minimum one year experience in directing crews and landscape jobs. BS in Horticulture, Landscape Contracting or related study is preferred. Candidates will possess a working knowledge of all facets of commercial landscape maintenance, including plant material, irrigation systems and controllers, fertilizer usage and safe handling of chemicals. Must have good written and verbal communication skills, basic computer skills, the ability to train and evaluate employees, excellent organizational skills and an eye for detail. Valid driver's license and good driving record necessary. We are willing to train the right person to meet these requirements.

Competitive salary range commensurate w/experience, plus benefits. We have an outstanding benefits package and excellent opportunities for advancement.

To apply, please send resume to buck-consulting@googlegroups.com.
