**Senior Spray Technician:** Vila & Son Landscaping Corp. has an immediate opening for a Sr Spray Technician.

The Sr. Spray Technician manages spray technicians in the Maintenance Division and supervises and coordinates the application and handling of chemical solutions such as pesticides and fertilizers. This position is responsible for the overall direction, coordination, and evaluation of these units. Carries out supervisory responsibilities in accordance with the organization's policies and applicable laws. Responsibilities include interviewing, hiring, training, coaching and developing employees; planning, assigning, and directing work; appraising performance; rewarding and disciplining employees; addressing complaints and resolving problems.

Duties include: conduct sprayings themselves as needed, plan and organize spray technicians for routing and task completions, evaluate sites to diagnose problems and recommend treatment methods, communicate field problems and recommendations to clients and operations manager as seen on a daily basis, order, maintain and distribute chemical inventories within the branch, and train personnel on the use of equipment and materials.

Two year degree from college or technical school; or three to five years related experience and/or training; or equivalent combination of education and experience. Maintains continued education in horticulture and pest management. Pesticide applicators required. Must be able to obtain CDL license. Strong customer service, team leading, and written and oral communication skills.
