Hello Marcus,

We have a seasonal job opening in the Detroit area and would like to offer the opportunity to a hort. student if there is any interest. I need someone for June, July, and August for sure and maybe into the fall if it will work with their school schedule. The job description is below.

**Field Representatives – Seasonal Position**

Field Representatives function as customer service liaisons to our big box customer’s garden center. The ideal candidate will have horticultural knowledge and experience in merchandising and customer service. The ability to assist with credit issues, quality concerns, inventory control, and deliveries is required of this position. Travel to the assigned areas and the ability to work some week-ends is essential along with effective communications, interpersonal and computer skills. A valid driver’s license, personal computer, cell phone and the physical ability to lift 50 pounds is required.

We offer a competitive salary, provide a leased car, phone allowance and reimburse company business expenses for travel. The wage is $ 475.00 per week and it’s a salary position.

Zelenka Nursery, LLC is a nationally recognized wholesale grower of container and field grown woody ornamental and perennial plants supplying the lawn and garden industry. The company, as part of the Berry Family of Nurseries, is among the largest horticultural producers in the Unites States. It employs over 1,500 people at its facilities near Grand Haven, MI: Wilson, NC: and Smithville, TN.
