From: Heather Hymes [heatherh@allenneighborhoodcenter.org]

With summer quickly approaching we have started our search for summer interns. We will have at least one Horticulture position for the summer. Here is the description for that opportunity:

Allen Neighborhood Center is seeking a horticulture intern for the Hunter Park GardenHouse. This intern will work along side GardenHouse staff to put on programming and support the GardenHouse's horticulture needs. A background in Horticulture is crucial to this position. Interns should expect to work a minimum of 10 hours a week. We are able to work with students who wish to receive credit.

Please note that this internship is typically available during the fall and spring semesters as well. We are able to work with students who are seeking credit. Interested students should send their resume and cover letter to me at heatherh@allenneighborhoodcenter.org<<mailto:heatherh@allenneighborhoodcenter.org>>. Please let me know if you have any questions. Thank you for your help.
