Subject: Annie's Scholarship

To Whom it May Concern,

Annie's Homegrown is offering \$100,000 in scholarship funds to students studying sustainable and organic agriculture in some shape form or fashion.

Sustainable and organic agriculture is at the very root of our philosophy: Planet to Food. Food to People. People to Planet. We believe healthy soils and healthy farms are the foundation for healthy foods, which help make healthy people! Therefore, we're proud to support the next generation of farmers. Undergraduate and Graduate students studying at an accredited US college or university are eligible to apply. Please visit <http://www.annies.com/doing-good> to learn more. The deadline to apply is December 15, 2010.

If you haven't shared this information with your students yet, I'd be appreciative if you could.

Kind regards,

Angela Wang
