Hi Colleagues:

We are pleased to be able to hire **two interns** this summer. One to focus on community garden evaluation and the other to focus on community garden policy issues in the Lansing area. The positions are paid and expected to work 10-20 hours per week from mid-May through mid-late August (see more details in descriptions – **note closing date is 5/2/2011**).

We are hoping to find a graduate student with experience in this area, a recent grad looking to build experience or an advanced undergraduate.

Thanks in advance for sharing this with potentially qualified candidates.
