News:

This week we will be visiting Cal Poly San Luis Obispo, followed by a visit to BYU-Provo on December 2nd. I am also busy planning visits for this Spring, including a trip to Auburn University the first week of February. We will wrap up the recruiting season with our annual trip to Student Career Days in March, this year to be held on the beautiful Kansas State University campus.

Internships:

We are currently interviewing for Summer 2012 internship positions! To learn more about what each NLN company has to offer, visit <http://www.nextlevelcareers.info/currentjobopenings>.

Job Openings:

Our current list of job openings can be found here: <http://www.nextlevelcareers.info/currentjobopenings>.

We have added **several** new positions – please check them out!

Please contact me for more details on any of these positions, or to inquire about positions that are not listed. We are always looking for great people to join our network of companies. Don't hesitate to ask!

We also have **fan pages** on Facebook for all of our companies: Stay Green, Mariani, HighGrove Partners, Pacific, Moore, Lambert's and Heads Up. Become a fan of these great companies and of Next Level Network!
