

Greenhouse Coordinator

Department of Horticulture and Crop Science

The Ohio State University

Ohio Agricultural Research and Development Center (OARDC), Wooster, Ohio

A full time position is available to manage the Horticulture and Crop Science (HCS) greenhouse and controlled environment (growth chamber, refrigerated storage) facilities (GH&CE) in Wooster, OH. The successful individual will collaborate with faculty, staff and students in the design and completion of research, extension and teaching projects that utilize the facilities. The greenhouse coordinator will supervise greenhouse staff and manage the facilities budget. Responsibilities will include maintaining greenhouse and growth chamber facilities and environmental control systems, monitoring plant health, scouting for pests and diseases, and applying pesticides.

The position requires a Bachelor's Degree in Horticulture, Crop Science or agricultural/plant-science related discipline or an equivalent combination of education and experience. The successful applicant must have experience operating and maintaining greenhouses and must be able to obtain an Ohio Pesticide applicators license. We are seeking a highly motivated and independent individual with excellent communication, listening and organizational skills. Supervisory experience is desired.

Full position details can be found at <http://jobs.osu.edu/> . Apply online for job # 00076924. Application deadline is July 17, 2011.
