Landscape Management - Horticulture Technician

Oomkes Landscape Mgt Inc, a well-established (75+ years) Grand Rapids landscape management company, is looking for a full-time horticulture technician. Qualified candidate would have at least 2+ years experience in landscaping/horticulture or a college education in this field. Job responsibilities include, but are not limited to, flower planting, pruning, trimming, landscaping, bed edging and weeding. Includes snow removal work in the winter. Must be able to work independently, have great attention to detail, and a good driving record with a valid driver's license. Must have a Pesticide Applicators Certificate or obtain one within a month of hire. Benefits package. Pay based on experience. Please forward resume to amy@oomkeslandscape.com.
