From Chris Cervený The Scotts Miracle-Gro Company:

We're hiring three people to work with us in Marysville. They could be assigned to one of three teams, plant food, growing media, or a combination of both. The fun part about working with consumer horticulture is the broad experience working with anything a consumer might put in their gardens (lots of different plant options from veggies and flowers to trees and shrubs). All three of these positions would be working with Miracle-Gro brands. E-mail Chris Cervený for more information: Chris.Cervený@Scotts.com
