Hi Dr. Behe,

Thanks for presenting a few weeks ago at the MIFMA Market Manager Certificate Program. You mentioned potential interns/ volunteers for our farmers market and I'd love for you to spread the word to students. Here is more information about our market:

The **South Lansing Community Farmers Market** is held Saturdays, June-September, 10-2 pm, in Benjamin Davis Park (5614 Pleasant Grove Road Lansing, MI 48911). The market was established in 2009 to bring fresh produce to a traditionally under-served community in South Lansing. The market is home to a variety of fresh produce and prepared food vendors, youth activities, recipe samples, cooking demonstrations, live music, and Learn While You Burn workshops with fitness and nutrition.

Market interns/ volunteers assist the Market Manager with: set up and tear down, running the Market Bank, collecting market data, coordinating youth activities, distributing healthy food samples, greeting market vendors and customers, and helping sustain a pleasant farmers market atmosphere.

Please feel free to contact me with any questions at rita@southlansing.org or 517-374-5700. Attached is a volunteer/ intern application.

Thanks!
Rita
