Hello Marcus,

We are looking for a paid Summer Intern for The English Inn, this position could lead into the fall as well.
Responsibilities will include:

- Annual plantings for formal English gardens
- supervision and maintenance of grounds
- maintenance of all beds and annuals
- turf-grass maintenance and fertilization
- review www.englishinn.com for photos of the gardens and grounds

I appreciate the assistance helping us to find an intern who can grow and learn from the experience.

Erik Nelson
