Looking for Gardener/Camp Counselor for a summer at THE BALLIBAY CAMPS.

The Ballibay Camps offer a wide range of non-competitive fine and performing arts activities in a fun, friendly traditional camp setting on a 200-acre mountaintop campus in Northeastern Pennsylvania. The Ballibay Camps include Camp Ballibay for the Fine and Performing Arts, The Farm Arts Camps, The Rock Farm, Endless Mountains Dance Camp, and Camptown Theater Workshop. Ballibay was established 1964, and is American Camping Association accredited.

As a member of the food education team, the gardener maintains and cultivates our on-site garden, providing vegetables to the kitchen throughout the summer and assisting in food-related activities with the campers. Staff must be motivated to work independently, as a team member, and with campers.

Staff members receive 1 day off per week and every other night off. All camp facilities are available to staff members during their time off, except horseback riding. The food is excellent for omnivores and vegetarians alike. On-campus facilities specifically for staff members include internet access, a staff lounge, and more.

Most teaching staff are cabin counselors who live with at least one other staff member and 10-14 campers. The Ballibay Camps are an activity-oriented camp; staff members spend only 2.5 hours each day with their cabin groups and 5.5 hours a day in specialty areas working with motivated campers!

Staff members are mostly graduate and undergraduate students, teachers, and professionals in their fields. Average staff age is early-twenties, but we do have staff in their late twenties and thirties; and several camp parents are also staff members. Staff work cooperatively and collaboratively, and share many wonderful experiences with each other and with the kids throughout the summer. Many staff return year after year to work with us. We offer 7 week contracts (with the option to extend to nine weeks) beginning June 16, 2012.

For more information please visit the camp website: /www.arts-summer-camps.com or contact the camp director, Kristin Fieseler: kristin.fieseler@ballibaycamps.com.
