Storage / Warehouse Manager

Berry Brook Enterprises is a family owned and operated farm in southwest Michigan. Our operation raises crops varying from corn and soybeans to apples and asparagus. We operate across Cass, Van Buren, and Berrien Counties. We are looking for a quick learner to help manage the everyday operations of our storage facility located in Bangor, Mi. The facility is a controlled atmosphere apple storage and has a hydro cooler for cooling our asparagus crop. We store 150,000 bushel of apples and plan to cool 1 million pounds of asparagus during the 2012 season.

Skills requirements:

- Good organizational skills
- Be self motivated and have an “I can get it done” attitude
- Some computer skills
- Mechanical skills
- Good leadership skills with ability to direct a small team of employees
- Basic trouble shooting and repair skills
- Willingness to learn

Duties and Responsibilities:

- Monitor storage rooms and document information on these rooms daily
- Oversee the transport of fruit into and out of the facility
- Monitor and operate storage equipment
- Perform some basic level repairs as needed
- Maintain a inventory of product in and out of storage and report that information as needed

We expect this position to be seasonal with the potential to become full time. The start date is expected to be around the first to middle of April. The end of the Season will be around the middle of October. Pay rates and benefits are negotiable. Any interested applicants send email to scottnic2@aol.com.
