Howdy Texans and Potential Texans,

The Texas Forest Service is looking for a Regional Urban Forester to head up our Austin, Texas office.

As we say here - it ain’t bragging if it’s true so here are some Austin facts: Austin is the “Live Music Capitol of the World” and third fastest growing large city in America. In 1980, Austin was the 42\textsuperscript{nd} largest city and today it is the 14\textsuperscript{th}. No other city even comes close to that growth. More? 300 sunny days a year, Best Place for Business and Careers, Best City for Relocating Families, Best Cities for Singles and #9 of the 10 U.S. cities with the cheapest cost of living.

Here is some economic news about Texas and about the Austin area. I may be a little biased but as city forester for Austin for 13 years I found it to be one of the best places to live, work and play in the U.S.

All that and it’s a great job with the Texas Forest Service, one of the premier state forest agencies in the nation.

If you are interested, you can apply at http://greatjobs.tamu.edu by selecting Texas Forest Service. The NOV for the Staff Forester II, Regional Urban Forester position is 05851.

Maybe you can help ‘Keep Austin Weird’. If not you, then please forward to someone who you think would be interested.

Good Luck!
John

John Giedraitis - Texas Urban Forestry Program Manager
