Interested parties should send their resume to Jeff@egyptvalley.com the position is available immediately.

Thanks for your help,

Jeff Holmes, CGCS
Golf Course Manager
Egypt Valley Country Club
Egypt Valley Country Club

Job Description

Position Title: Horticulturist

Department: Golf Course

Position Pre-Requisites

• Have 2 or 4 year degree in Horticulture or 5 plus years of landscape design and maintenance.
• Have Michigan pesticide applicator license for core and 3B.

Personal Profile

• Be well groomed and carry a professional image while working.
• Be able to work in adverse weather conditions.
• Be able to work alone and with others on occasion.
• Bring a good attitude to work daily.

Purpose

• To work together as a team member of the grounds crew and to help achieve a high standard of maintenance throughout the property.

Duties and Responsibilities

• Understand and care for all plant material throughout the landscaped areas.
• Run a daily attention to detail pass through the member areas on the outside of the clubhouse, i.e. weeding, back pack blowing, watering, etc.
• Handle all watering and nutrient needs of the perennial and annual plants and lawn areas.
• Be able to divide and prune plants as needed.
• Have an excellent understanding of plant names and environmental growing conditions.
• Take care of plant ordering list and the care of the plants when delivered.
• Keep plant records as needed.
• Work with greenhouse growing of plants on site.
