Hi all,

Gleaners needs knowledgeable growers to make ten community gardens happen this year. It's a great opportunity to help feed needy community members, increase your farming skills, and get paid doing it.

Best,
Kate

POSITION: Paid Internship with Gleaners' DTE Energy Gardens Project

Gleaners Community Food Bank has immediate openings for part-time interns with its DTE Energy Gardens Project. The garden project started in 2008. The project has grown to ten community gardens located in Wayne, Oakland, Macomb, and Monroe counties. The gardens are maintained by volunteer groups, and all resulting produce is provided by Gleaners to people in need in Southeastern Michigan. Additional information about the project is available at www.dteenergy.com/gardens.

RESPONSIBILITIES:
- Daily garden maintenance. Tasks include bed preparation, seeding, transplanting, weeding, watering, fencing, harvesting, etc.
- Assisting on volunteer days. For each individual garden, there is a set weekly time when a large group of volunteers will be out to complete harvesting and other major projects. Interns will help direct the volunteers during these times.
- Transporting equipment and supplies. Garden equipment, seed, etc will need to be moved between storage facilities and garden sites.

COMPENSATION: Interns will receive $10/hour.

HOURS: Approximately 28 hours a week; hours to be determined

Please contact Kate Long at dteenergygardens@gcfb.org to apply.
