The vacancy announcements for the permanent position of Coordinator for the Philadelphia Field Station were posted on USA Jobs. The advertisements for the position will be open from Friday January 13, 2012 through Thursday February 2, 2012. Both current government employees and candidates external to the government are eligible to apply for the position. However, there are two separate vacancy announcements depending on the applicant's status.

For those applicants who are current career or career-conditional federal employees with competitive status or former career or career-conditional Federal employees in the competitive service please click on the link immediately below:

**(Merit Promotion)-** TA12-24560002-0466G-CP  
<http://www.usajobs.gov/GetJob/ViewDetails/306975700>

All others may apply to the DEMO announcement (follow the link below).

**(DEMO)-** TA12-24560002-0466DP-CP

Just as a reminder, I also plan to convene a panel to evaluate the candidates when that time comes and will be reaching out to some of you to ask your willingness to serve in this capacity. I am very excited to be taking another step in moving toward our vision of a Philadelphia Field Station to better serve the people in the Philadelphia Metropolitan area and beyond.

Very respectfully,

**Michael T. Rains, Director**
