Metro Cafe is seeking hard-working, detail-oriented students of horticulture and design for its on-site community garden. Responsibilities will include garden planning, upkeep, and harvest, as well as record-keeping of usage. The garden harvest is utilized in the hospital cafe's healthy dining initiative and students will have hands-on experience. Activities will also include assisting the Executive Chef with planning educational programming, special events, publications, and other program-related materials.

Interns will report to the Executive Chef and Director of Dining Services.

Applicants should have an interest in horticulture, a interest in working with others, a love of plants and growing things, as well as a desire to make positive changes in others' lives through healthy eating and sustainable gardening. Students preferred. The successful candidate should be willing to work occasional weekends and holidays.

The deadline for applications is (March/15/2013). Interested applicants should submit a cover letter, resume, and list of no less than three (3) references via mail or e-mail to:
