Job Title: Foreman

Job Type: Full Time

Compensation: $11 to $15 per hour (based on knowledge and experience) plus benefits

Job Category: Landscape Installation, Landscape Maintenance, and Landscape Hardscapes.

Job Description

We have been in business for 16 years performing lawn care, landscape, irrigation and tree spading services for all of the West Michigan area. We pride our selves in offering many services under one roof.

Candidates for the job are responsible for but not limited to:

- Leading Crews of 2 or more people
- Motivate fellow employees.
- Knowledge, hands-on experience and aptitude to properly install retaining walls, freestanding walls, paver patios, natural walls, water features, plantings, etc.
- Maintaining Landscapes (Shrub Care, Tree Care, IPM)
- Communicating with managers and customers.
- Work within a set budget and hour pertaining to each specific job.

Job Requirements:

- 3+ Years experience in the landscape industry
- Professional and Verbal skills
- Must know the basics with Microsoft, and other simple computer programs.
- Valid Michigan Chauffeurs License.
- Looking for an energetic and highly motivated individual.
- Hands on foreman.
- Must be able to lift 50lbs.
- Must own a vehicle.
- Must be available for weekends (when there is work)
- Ability to read, understand, and implement landscape designs, drawings and plans.
- Must be able to successfully lead a crew of 2-5 team members, while actively participating in the project/installation.
- Plant Identification skills
- Able to have basic knowledge of running equipment. (can train on specific equipment)
- Snow removal familiarity and equipment operation skills.
- Punctual and reliable with availability to work seasonal hours, which may require long days, based on the production schedule and weather variables.
- A positive, enthusiastic attitude and strong work ethic.
