Landscape Design & Maintenance Foreman Wanted (Muskegon)

- Are you achievement minded and seeking an opportunity to lead? Do you wish to become a part of a successful, growing company?

A HIGHLY SUCCESSFUL lawn care and snow plowing company is currently seeking a quality-minded professional with a broad range of skills to work as our Landscape Design and Maintenance Foreman.

Applicants should have experience in some or all of the following areas:

- Landscape Design, Install & Maintenance
- Irrigation Design, Install & Maintenance
- Fertilizer & Pesticide Application
- Ornamental Shrub and Tree Care Including Pruning
- Turf Grass Management
- A Base Knowledge of Michigan Annual and Perennial Plants
- Operation of Commercial Grade Construction & Landscape Equipment
- Grounds Maintenance
- Construction
- Crew Leadership

A clean driving record and the ability to pass a drug screening and physical are required of all those who apply.

A brief summary of job responsibilities includes but may not be limited to the following:

- Quality Control of business processes for lawn care and landscaping divisions.
- Coordinating maintenance and repairs on equipment.
- Customer sales and service.
- Hiring, training and managing crew members
- Implementing "ownership thinking" throughout the company
- Maintaining and ensuring compliance with training and safety programs

Please respond with a resume and cover letter describing your passion and experience in the field of Landscape Design and Maintenance. Email your information to ed.earnest@summitlawnecare.net. No phone calls please.
