Irrigation Technician

Locations: North Chicago, Kansas City, Indianapolis, St. Louis, Minneapolis
Wheeling, IL, Kansas City, KS, Indianapolis, IN, St. Louis, MO, Minneapolis, MN

Established in 1939, we’re America’s top commercial landscape company, with nearly $1B in revenues. We plan and maintain dynamic streetscapes and cultivate healthy turf across America—at Major League ballparks, the Olympics, D.C.’s National Mall, and on hundreds of corporate and university campuses—and we do it with incredible quality and passion. Our values, customer focus and family roots run deep, making Brickman an ideal place to showcase your talents, collaborate with other industry professionals, and develop a long and satisfying career.

Job Description

You are able to foresee potential problems and have the specialty skills needed to solve them. Careful planning and the ability to anticipate issues are qualities which Brickman particularly values. People with your mindset and proactive work-style, are just what our customers expect.

In this position, you’ll monitor and test new installations, troubleshoot and repair problems, observe pipe and valve placements, and evaluate start-ups, winterization and overall operation of the irrigation system. You’ll also conduct and record detailed inspections and plan/execute upgrades of client systems.

Along with supervisory skills and your proactive manner, we require 1-3 years of productive experience in the installation, inspection and repair of irrigation systems. A valid driver’s license and good knowledge of trenchers, multi-meters, wire locators, ditchers and pipe sizing are also essential. Bilingual in Spanish and ability to create and read site map colored charts/legends is a plus.

You’d be surprised what grows when you put people first. Join the 10,000+ team members who make an impact and inspire one another every day! Brickman is committed to develop and reward our diverse workforce throughout 150 locations and 29 states—with trust, honesty, respect, teamwork, excellence and an overall culture of caring.
