Landscape Designer
Location: Milford, Mi
Salary: negotiable
Job Type: assignment
Job Description:

This is an exciting opportunity to gain experience in working with families who want a do it yourself approach with guidance from an expert.

Looking for a specialist with great ideas to help re-create residential grounds to meet our families' personal needs. To provide at least 3 landscape designs that fit the needs to create a handicap accessible access and low maintenance but colorful design with area for pets and a garden in wooded area that attracts deer that will need to be deterred from garden.

Ideally once the design is selected, a step by step instruction guide to create the design is provided.
