Title: Crew Member

Wage: $10 to $15 per hour, depending on experience

Simply Great Gardening is a small, Ann Arbor-based company, working to maintain and develop residential landscapes in the Ann Arbor area. To learn more about our services, go to www.simplygreatgardening.com.

The ideal addition to our crew would be an experienced gardener, knowledgeable about perennials and woody plants and familiar with common problems in the landscape. You must love working outdoors, be interested in horticulture, and hold high standards of quality and integrity.

Crew members are expected to have plenty of physical stamina, work with a team, and be willing to learn. Day-to-day work includes digging, mulching, weeding, deadheading, perennial division, planting and transplanting. Most of our work is done without the aid of heavy machinery.

Our crew visits the properties of maintenance clients on a monthly or semi-monthly basis. We start the season in late March or early April and usually end the season by Thanksgiving. Our busiest times are April through June and September through October.

Please submit your resume to: owner@simplygreatgardening.com and write your name in the email’s subject line.

Thank you for your interest!

Sincerely,

Ginny Stobby
