Southern Growers in Montgomery, Alabama

Greenhouse Grower. It will be Assistant Head Grower and working with lots of different crops such as annuals, perennials, hanging baskets, seasonal color, and possibly Poinsettias and Easter Lily. We would be interested in someone right out of school or maybe with a little experience but not necessarily a seasoned veteran grower. The location would be here in Montgomery, Alabama which is a great place to live.

Office number is 334-272-2140 ext 212.
