Great Opportunity for experienced vegetable grower in Northern Michigan.

This position is for experienced vegetable grower with experience in Organic growing methods. The farm has 30x96 hoophouse so experience in greenhouse growing is also needed. This is a seasonal position with RV housing available in April (this is rustic but has running water and electricity hook-ups)

Must plan succession crop plantings, grow, and harvest for wholesale and direct markets. Looking for someone that wants to come in and take a leadership role in this position.

Email me a summary of experience- must have two character references. No criminal history. Salary is based on production revenue.
