Grasscutters Landscaping is looking for select individuals who complement their unique culture. Our mission statement is

“To obtain a company culture that develops the best leaders and workers to set and maintain the industry standard for exceptional work and service to meet and exceed all of our customer's wants and needs”

This can only happen with the right individuals that fit a specific mold. Obviously you must be hard working, willing to go above and beyond when need be, possess attention to detail, have a love for working outdoors, and able to effectively communicate with a customer. What’s more important is respect for your team members, honesty, integrity, doing what’s right when people aren’t looking, take pride in all that you do, & have an open heart to learn new skills and habits.

We are a fast growing company with new Management & General Labor positions to be filled every year. These are Hourly & Salaried positions that include but are not limited to:
