Student Internship

Since 1988 Michigan Wildflower Farm has provided premium quality seeds of wildflower and prairie grass species native to Michigan. We also provide landscaping services focused on native planting landscape and restoration projects.

Michigan Wildflower Farm is offering internship opportunities designed to give students the opportunity to learn, develop and apply horticultural, farm and landscape skills within a seed production farm setting.

Intern will work as a member of the Michigan Wildflower Farm’s team and under the supervision of experienced supervisors. Intern will gain experience in:

- Plant identification
- Pest control
- Seed Harvesting
- Farm management (weeding, planting, transplanting, dividing, and irrigating plants)
- Landscape management (weeding, planting)

Qualifications:
Be enrolled in undergraduate or graduate program in Horticultural, Biological or Environmental Science program
Be able to perform farm and landscaping duties including lifting, carrying supplies (up to 50 lbs.)
Be familiar with use of landscaping tools
Being familiar with tractor operation is a plus
Be willing to learn skills
Have valid Michigan Driver’s License
Demonstrate willingness to work as a part of a team on a daily basis

Minimum time commitment: 20-40 hours per week.
Hourly pay rate: $8-$9/hr.

Please contact Esther Durnwald by phone or email for job application.

Thank you for your interest.
