Position: Landscape Construction Crew Member - Internship
Location: Stevensville, Michigan
Time Period: Flexible, 3-8 months April-November

Be a part of Southwest Michigan’s premier landscape design/build company. Nature’s Way Landscaping is located near the beaches of Lake Michigan, in the Stevensville/Saint Joseph area. We are a unique landscape company with a recognizable style. As an award winning design/build firm, we have been transforming the outdoor living experiences for many people since 1976.

Nature’s Ways’ employees are 100% committed to themselves, clients, and workmanship. Urging each other to look to the future as if there are no limits, we want to ensure our team has a true sense of well-being and satisfaction. Standing behind every aspect of every project we do, we treat every project as a potential award-winner.

Nature’s Way provides an environment open to creativity where you will be able to design/construct a wide variety of projects. Acquiring plants and materials from suppliers all over the country, as well as having our own nursery stock, ensures we have the best selection. You will increase your knowledge of plants and much more.

The majority of Nature’s Ways’ projects involve multi-level brick patios, brick and flagstone walkways, retaining walls, lighting, waterfalls, and water features of many sizes. You will gain experience with new or existing pools, outdoor kitchens, pool houses and other structures. The areas of design can range anywhere from small spaces to massive estates.

On the beach or in the countryside, at Nature’s Way the possibilities are endless.

Responsibilities & Requirements:

- Must be pursuing degree in Horticulture or other related major
- Installation of plantings
- Installation of hardscape materials such as stone, brick pavers and tile
- Installation of arbors, waterfalls and other structures
- Ability to operate equipment a plus
- Ability to speak Spanish a plus
- Valid Chauffeur’s license
- Ability to read a blueprint

Candidate must have excellent verbal communication skills, hard working, dedicated, enthusiastic, persistent, and a willingness to expand plant knowledge.

Nature’s Way Landscaping encourages growth within the company & offers a complete benefits package to qualified individuals.
