Quail Hollow Club
Horticulturist

Educational Requirements:
- Degree or Certificate in Horticulture, Plant Science, Arboriculture, Turf Management, Landscape Management or related field.

Responsibilities:
- Selecting, purchasing, installing, and maintaining all plant material installations of ornamental shrubs, trees, flowers in annual and perennial landscapes.
- Follows proper cultural practices to ensure health and vigor of ornamental plantings including pruning, fertilizer and pesticide applications, irrigation and weed management.
- Assists in formulation and execution of tree inventory, removal and replacement
- Oversees, coordinates, and performs in house and contracted tree trimming, removal and installations.
- Communicates with the Golf Course Superintendent to schedule maintenance hours on a weekly basis.
- Oversees and trains employees in the safe operation of mechanical and power equipment.
- Works within annual budget, as determined by the Golf Course Superintendent.

Special Requirements:
- Possess or obtain NC pesticide applicators license.
- A motivated, responsible individual capable of running a small crew at times and overseeing and implementing the daily maintenance and upkeep of all plant material

Comments:
The course was originally designed by famed golf course architect George Cobb in 1961 to capture the beauty as well as challenging terrain of the Piedmont region. In the intervening years, the course has undergone a series of improvements, including modifications to several holes by Arnold Palmer in 1986, and a redesign by Tom Fazio in 1997.

The position provides a rare opportunity to experience a championship caliber course first hand.
Quail Hollow Club is the annual host of the PGA Tour’s Wells Fargo Championship and has been awarded the 2017 PGA Championship and the 2021 President’s Cup. The Horticulturist will see the full extent of maintaining a course in tournament condition and will play a key role during the event.
