River Ridge is a complete design / build landscape construction company. We’ve been in business since 2006 around the Greater Grand Rapids area. Owned by MSU grads, we began our careers working for other local landscape companies, so we are well connected and have plenty of experience to share. You can enjoy a young, fun atmosphere working on projects ranging from the large and complex to the small and simple as our specialty is residential and light commercial projects. Don’t let anyone tell you differently- this is a career you can feel good about! Make a positive impact on the environment and aesthetically in the world around you!
