Three C’s Landscaping- Horticulture Foreman

As a company, we are constantly exploring and redefining the relationships between a home, its landscape, and the surrounding natural environment. Our professional staff will work directly with our clients to create a balanced relationship between indoor and outdoor spaces. We have talented and experienced landscape architects and designers on staff, as well as highly skilled craftsmen capable of taking a project from concept to completion.

Job Duties/Responsibilities

The Horticulture foreman will be responsible for running a landscape maintenance crew carrying out outdoor maintenance related tasks including but not limited to gardening, trimming, planting, and general cleanups of both residential and commercial properties.

Essential Functions:

- Maintains a good working knowledge in plant identification and plant needs
- Demonstrates a strong background in garden maintenance-weeding, edging, and cultivation
- Operates all landscape related power equipment (backpack blower, gas shears etc.)
- Ability to trim and/or prune ornamental trees and shrubs
- Performs other related duties as required and assigned

Work Environment

- Every day will be spent in an outdoor work environment with the use of the tools and equipment associated with gardening, trimming and other landscape maintenance related activities.

Position Type/ Expected Hours of work

- Full time or seasonal position 40-50 hours per week
- Monday through Friday (possibly Saturday if needed)

Education and Experience

- Previous employment experience
- Bachelor’s degree or associates degree in horticulture or related field, a plus
- Chauffer’s license
- Pesticide certification in categories, 3A, 3B, and 6
