Summary Description

Trilogy Commercial Groundskeepers, Inc. is a client-focused, technologically innovative, corporate landscape maintenance company located in southeastern Michigan. We're different. We capture our own energy to power our electric equipment fleet, which provides a clean, quiet and competent experience for our clients. We are building an elite team of enthusiastic individuals with skills, passion, and commitment. We are recruiting for the position of Crew Leader. The successful candidate has been trained to supervise and motivate a landscape groundskeeping crew. If hired, you will be working alongside your crew ensuring all work is completed to Trilogy and client standards. You will be responsible for driving the crew to and from job sites with necessary equipment in a safe and timely manner. You will also use your excellent verbal and written skills to communicate job site execution to management. If you would like to be part of a group that is transforming our industry, and embrace a pathway to advancement, please submit an informative cover letter along with your resume for consideration.

Duties and Responsibilities

Summer Months
- Monitor and support field team for safe execution of work orders at each job site.
- Safely operate a truck and trailer to transport team, equipment and materials to multiple job sites during the work day.
- Follow certification program for areas designated by Field Supervisor. These may include safety, turf and tree identification protocols, equipment handling, standards compliance, etc.
- Dedication to provide consistent and dependable quality work with assigned team.
- Use high level of communication skills using technological tools, as well as verbal and written reports.
- The ability to handle and correct any issues that arise on properties.
- Continuous training reinforcement of team members’ equipment safety procedures..

Winter Months
- Must be able to work flexible hours including occasional nights and weekends
- Safely direct and perform in-storm and post-storm responsibilities.
- Monitor and support field team for safe execution of work orders at each job site.
Knowledge, Skills and Abilities

- Exceptional driving record, along with experience towing trailer.
- Strong ability to communicate well with others and get along in a team setting, able to communicate with clients, vendor and employees.
- Computer literacy sufficient to use our technological tools.
- Snow plowing and salting experience.
- Sufficient knowledge using a variety of lawn care equipment and basic equipment troubleshooting.

Requirements and Qualifications

- Minimum of two years experience in lawn care with landscape groundskeeping will be considered in lieu of education.
- Proficient at managing a 2-3 person team.
- Knowledge of safely operating mowing and small hand held equipment.
- First aid certification. If absent this qualification at time of hire, then must receive within six months of hire date.
- Must possess a valid Chauffeur's driver's license.
- Must be state certified in categories 3a, 3b and 6 or be able to obtain it within 30 days.
- An education in Horticulture or a related field is a plus.
